

£4.6 billion in new lockdown grants to support businesses and protect jobs

News story

Businesses in the retail, hospitality and leisure sectors are to receive a one-off grant worth up to £9,000, the Chancellor has announced.

- Chancellor announces one-off top up grants for retail, hospitality and leisure businesses worth up to £9,000 per property to help businesses through to the Spring
- £594 million discretionary fund also made available to support other impacted businesses
- comes in addition to £1.1 billion further discretionary grant funding for Local Authorities, Local Restriction Support Grants worth up to £3,000 a month and extension of furlough scheme

This follows the Prime Minister's announcement last night that these businesses will be closed until at least February half-term in order to help control the virus, and, together with the wide range of existing support, provides them with certainty through the Spring period.

The cash is provided on a per-property basis to support businesses through the latest restrictions, and is expected to benefit over 600,000 business properties, worth £4 billion in total across all nations of the UK.

Chancellor Rishi Sunak said:

The new strain of the virus presents us all with a huge challenge – and whilst the vaccine is being rolled out, we have needed to tighten restrictions further.

Throughout the pandemic we've taken swift action to protect lives and livelihoods and today we're announcing a further cash injection to support businesses and jobs until the Spring.

This will help businesses to get through the months ahead – and

crucially it will help sustain jobs, so workers can be ready to return when they are able to reopen.

A further £594 million is also being made available for Local Authorities and the Devolved Administrations to support other businesses not eligible for the grants, that might be affected by the restrictions. Businesses should apply to their Local Authorities.

The new one-off grants come in addition to billions of existing business support, including grants worth up to £3,000 for closed businesses, and up to £2,100 per month for impacted businesses once they reopen.

The government has also provided 100% business rates relief for retail, hospitality and leisure businesses, £1.1 billion existing discretionary funding for Local Authorities, the furlough scheme now extended to April and 100% government backed loans, extended until March.
