

ACOBA is operating as usual – but working remotely

ACOBA is operating as usual but working remotely in line with Government advice on COVID-19. We are contactable via our usual channels.

However, please note that post is not being sent or received regularly and the best way to contact us and stay in touch is electronically on acoba@acoba.gov.uk.

Applicants should also be aware of the current demand being placed on departmental resources, which is likely to increase the time taken for government departments to deal with Business Appointment Rules related queries.
