

After years of dither and delay, it is welcome that progress is finally being made on runway expansion – Andy McDonald

Andy McDonald MP, Labour's Shadow Transport Secretary,
commenting on the Government's statement on Heathrow, said:

"Labour has consistently been pushing for a decision on runway expansion in the South East of England so after years of dither and delay, it is welcome that progress is finally being made.

"However, there are still outstanding issues including how Heathrow expansion can be squared with meeting the UK's climate change objectives and demonstrating that local noise and environmental impacts can be minimised.

"This can be achieved, but only in the context of a coherent aviation strategy that works for the country not just London. It starts with confirming our membership of the European Aviation Safety Agency, as well as action on cleaner fuels and improving road and rail access to our international gateway airports."
