<u>Animal medicine improvement notice:</u> Alex the Vet

This notice was served to Alex the Vet by a VMD Inspector during a routine inspection of the veterinary practice:

The following contravened the Veterinary Medicines Regulation (VMR) 2013:

• The administration of a veterinary medicinal product not in accordance with its marketing authorisation, contrary to Regulation 8 (Administration of the product) of the VMR.

The improvements required are:

• The practice must provide procedures they will follow to ensure that broach limits are adhered to in the future.
