

Animal medicine improvement notice: Companion Care Orpington

This notice was served to Companion Care Orpington by a VMD Inspector during a routine inspection of the veterinary practice.

The following contravened the Veterinary Medicines Regulation (VMR) 2013:

- The administration of a veterinary medicinal product not in accordance with its marketing authorisation, contrary to Regulation 8 (Administration of the product) of the VMR.

The improvements required are:

- The practice must provide procedures they will follow to ensure that broach limits are adhered to in the future.
