

Animal medicine improvement notice: Swinfen Veterinary Centre

News story

Details of improvement notice served to Swinfen Veterinary Centre, Lichfield, Staffordshire.

This notice was served to Swinfen Veterinary Centre, Lichfield, Staffordshire by a VMD inspector during a routine inspection.

The following contravened the Veterinary Medicines Regulation (VMR) 2013:

- the supply of ketamine and methadone beyond the in-use expiry period

The improvements required are:

- to put in place a method to protect against the supply beyond 28 days
- audit the ketamine register
