

Another update during the COVID-19 emergency

COVID-19

Information updates from
Councillors Craig Duncan
and Fraser Macpherson

Further update – for Sunday 19th April – from Councillor Fraser Macpherson (West End) and Councillor Craig Duncan (Broughty Ferry)

FURLOUGH SCHEME EXTENDED

The Job Retention Scheme is being extended by one month to reflect continuing social distancing measures.

GET EMERGENCY CARE

The number of people attending Emergency Departments has dropped. Some seriously unwell patients are delaying coming to hospital or dialling 999. If you need help don't wait.

MEDICINES

The advice is to please follow your normal repeat prescription ordering pattern and only order the medicines you need as there are no issues with the supply of medicines so there is no reason to stockpile.

Due to significant demand being placed on local pharmacies, some will close for short periods, or operate reduced opening hours. NHS Inform has a complete list of local pharmacies at: <https://www.nhsinform.scot/scotlands-service-directory/pharmacies> Prescriptions may take longer to process because of the additional workload on pharmacies.

PETS

New advice relating to owners of pets, companion animals and livestock who may be required to self-isolate as part of government advice on coronavirus (COVID-19) is available

Social Security Scotland – devolved benefits

The Scottish Government has temporarily changed eligibility for a number of Social Security Scotland's benefits. This is to help people who are impacted by coronavirus and can't get an application in on time – due to illness or caring responsibilities – to still get the support that they need.
