

Anti-epidemic Support Scheme for Property Management Sector under Anti-epidemic Fund continues to disburse subsidies

The Anti-epidemic Support Scheme for Property Management Sector (ASPM) under the Anti-epidemic Fund is open for applications and continues to disburse subsidies.

The ASPM is implemented by the Property Management Services Authority (PMSA). As of today (May 9), the PMSA has received over 8 200 applications for the ASPM, of which over 3 850 applications have been approved. The approved applications involve subsidies of over \$140 million and benefit around 22 000 building blocks and around 35 750 frontline property management (PM) workers. Please refer to the website of the PMSA (www.pmsahk.org.hk/en/index.html) for the name of the properties for which applications have been approved.

The Government has launched the ASPM under the Anti-epidemic Fund to subsidise owners' organisations (OOs) or PM companies of eligible buildings to provide the Anti-epidemic Hardship Allowance to the frontline PM workers. The ASPM will also provide the Anti-epidemic Cleansing Subsidy to OOs or PM companies. Phase I of the ASPM covers private residential and composite (i.e. commercial cum residential) buildings, whereas Phase II of the ASPM covers industrial and commercial buildings (including shopping malls).
