

Appointments to Steering Committee of the Research, Academic and Industry Sectors One-plus Scheme

To further promote the "1 to N" transformation of research and development (R&D) outcomes and industry development, the Research, Academic and Industry Sectors One-plus (RAISE+) Scheme was launched in October last year with the aim to unleash potential of local universities in transformation and commercialisation of R&D outcomes, and facilitate relevant collaboration among the Government, industries, universities, and research sectors. It will fund, on a matching basis, at least 100 research teams in eight universities funded by the University Grants Committee, which have good potential to become successful start-ups.

The Government has set up the Steering Committee of the RAISE+ Scheme under the Innovation and Technology Fund (ITF) to vet eligible applications. The Innovation and Technology Commission today (January 18) announced the appointments to the Committee. The Committee is chaired by Mr Duncan Chiu with members from the research, academic and industry sectors. The appointments are for a term of two years starting from January 1, 2024. The membership of the Committee is as follows:
