MAC is a non-statutory advisory body which advises the Government on matters pertaining to the operation of Youth Square, including the overall strategy and objectives of Youth Square; themes and contents of youth development programmes; the use, allocation, leasing and charging arrangements of relevant facilities; the evaluation of the effectiveness of the use of Youth Square in promoting youth development programmes and monitoring the performance of the operator. Furthermore, the Government regularly recruits young persons aged between 18 and 35 who are eager to serve the community to join the Government's advisory committees through the MSSY with a view to providing more opportunities for young people to participate in policy discussions.
