

# Arrangements for DH clinics

Attention duty announcers of radio and television stations:

Please broadcast the following message as soon as possible and repeat it at suitable intervals:

The Department of Health (DH) today (November 14) announced that, as the Tropical Cyclone Warning Signal No. 8 is now in force, all DH clinics will not be open for the normal operating hours, except for Methadone Clinics. Those receiving methadone treatment can attend Methadone Clinics for their daily dose.

â€‹All DH clinics which were closed due to the typhoon will resume normal service two hours after the Tropical Cyclone Warning Signal No. 8 was cancelled, if the weather and conditions permit.

The public is advised to pay attention to radio and television announcements.
