

Road Safety Measures to Improve Safety of Commuters

The Government is aware of the problem of Road Safety which is reflected in number of road accidents

Development of Ports

Ports play an important role in promoting trade and economic growth in the country. Indian Ports handle about 90% by volume & 70% of value of the country's EXIM cargo. In order to meet the growing trade requirements of the country, the capacity of the Ports & the cargo handled by the Ports have increased over the years.

Emissions from Shipping Sector

As per data received from Ministry of Petroleum & Natural Gas, the type and quantum of fuel consumed by the shipping industry during the last three years and the current year (April-January) (provisional) is given below:

India and Belgium sign Protocol amending the India-Belgium Double Taxation Avoidance Agreement and Protocol

India and Belgium have signed a Protocol amending the existing Agreement and Protocol between the two countries for Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income today in New Delhi.
