

Getting things done – West Port #dundeewestend

Residents have highlighted to us that the pyramid artwork on the West Port needs some TLC.

The paintwork around it badly needs a repaint and the area spruced up.

We raised this with the Executive Director of City Development at the council who has asked the public art officer to see what can be done to improve this, which is welcome.

Blackness Primary School Summer Fair
this Saturday – all welcome!
#dundeewestend

Friends of Blackness

SUMMER FAIR

Save the date: 18th June 10am-12pm
(Blackness Primary Playground)

For a fun filled family morning...

Getting things done – Riverside Approach #dundeewestend

Residents have raised with us the very poor state of the railings in Riverside Approach around the rail bridge there.

The City Engineer advises us that :

“The wrought/cast iron sections are likely to be Dundee City Council’s. The timber sections facing the Tay Rail Bridge are Network Rail’s.”

His team has kindly agreed to approach Community Justice Services to hopefully get a project put together to have the railings brought back to standard.

The pandemic taught us that good ventilation is vital

The challenge is to balance improvements in the health of our indoor environments with our net-zero ambitions. By Sir Patrick Vallance and Professor Peter Guthrie.

Environmental improvements for Perth Road area #dundeewestend

Residents may recall that some months ago, Fraser took part in a walkabout around the Perth Road district shopping centre, the purpose of which was to look at possible environmental improvements that could be funded through the Town Centre Fund.

In terms of possible viable projects, three were identified – Pennycook Lane outside the police station, the Miller’s Wynd car park and area around the West End Community Fridge and the Sinderins “triangle.”

The council’s City Development Department has now created “concept drawings” for Miller’s Wynd and Pennycook Lane (Sinderins “triangle” to follow) and these are shown in the photos below. These are initial ideas, not the final design.

Feedback from residents would be appreciated and the subject will be discussed at tonight’s West End Community Council meeting, taking place at 7pm in Logie & St John’s (Cross) Church Hall – Shaftesbury Terrace – all welcome.
