Getting things done – Arnhall Drive #dundeewestend

Residents have recently contacted me about the deteriorating state of the road surface in Arnhall Drive, including potholes – see below :

I raised this with the City Council's Roads Maintenance Partnership and have received the following helpful feedback :

"We have inspected the road and found a couple of Category 3 potholes (repair within 30 working days).

Many parts look worse than they are due to it being a concrete road that has been surface dressed.

However, on checking the carriageway programme it was due to receive an overlay in 2023/24, this is under review so this may move.

We should have a better idea in the next few months when the review is

complete.”
