

[Green Health Week 2021](#)

The Dundee Green Health Week 2021 managed by Green Health Partnership Dundee runs from today until 16th May and details can be found [here](#).

There will be over 50 activities all designed to improve people's mental, physical and social wellbeing.

Green Health Week coincides with Mental Health Awareness Week.

Activities will be online but also in person. All activities are free, booking is essential.

Today sees the launch a series of self-led activities to download as well as a variety of videos about the health benefits of being outdoors created by NHS staff, how to form new health habits by University of Dundee and Iowa State University staff; Biodiversity, Climate Change and Sustainability (by Dundee City Council staff), Joe – a boy from Lochee who gardens at Fruitbowls, and more!

There's something here for everyone ☐

[UK life-saving support for India is on its way](#)

The world's largest cargo plane has left Belfast flying three 18-tonne oxygen generators and 1,000 ventilators as part of the UK's latest response to India's COVID-19 crisis.

Management notes for May 2021

Management Notes are prepared by staff from the College of Agriculture, Food and Rural Enterprise (CAFRE). CAFRE is a College within the Department of Agriculture, Environment and Rural Affairs (DAERA).

Murphy announces winners of £40,000 Open Data and Outreach Fund

Finance Minister Conor Murphy today announced the winners of the Department of Finance's Open Data Innovation and Outreach Fund.

Department updates vaccination programme

Keep coming forward for your first and second COVID-19 vaccine doses.

That's the clear advice to the public, as the unprecedented drive to protect the population continues.
