

CHP reminds public on precautions against heat stroke during very hot weather

The Centre for Health Protection (CHP) of the Department of Health (DH) today (June 8) reminded members of the public, particularly those undertaking outdoor activities, to take heed of necessary measures against heat stroke and sunburn in very hot weather.

"The public should carry and drink plenty of water to prevent dehydration while engaging in outdoor activities," a spokesman for the CHP said.

"Those engaged in strenuous outdoor activities should avoid beverages containing caffeine, such as coffee and tea, as well as alcohol, as they speed up water loss through the urinary system," the spokesman explained.

"The obese, the sick, including those with heart disease or high blood pressure, the old and the young are more vulnerable to heat-related illnesses. They should pay special attention," the spokesman added.

The public should adopt the following precautions:

- Wear loose and light-coloured clothing to reduce heat absorption and facilitate sweat evaporation and heat dissipation;
- Avoid vigorous exercise and prolonged activities like hiking or trekking as heat, sweating and exhaustion place additional demands on the physique;
- Perform outdoor activities in the morning or late afternoon;
- For indoor activities, open all windows, use a fan or use air-conditioning to maintain good ventilation; and
- Reschedule work to cooler times of the day.

If working in a hot environment is inevitable, introduce shade in the workplace where practicable, and start work slowly and pick up the pace gradually. Get into a cool area for rest at regular intervals to allow the body to recuperate.

The public should also note the latest and the forecast Ultraviolet (UV) Index released by the Hong Kong Observatory (HKO). When the UV Index remains high (6 or above):

- Minimise direct exposure of the skin and the eyes to sunlight;
- Wear loose long-sleeved clothing made of close-woven fabrics;
- Wear a wide brim hat or use an umbrella;
- Seek a shaded area or put on UV-blocking sunglasses;

- Apply a broad-spectrum sunscreen lotion with a sun protection factor (SPF) of 15 or above. Apply liberally and reapply after swimming or sweating; and
- While using DEET-containing insect repellents for personal protection against mosquito-borne diseases, apply sunscreen first, then insect repellent.

If symptoms develop, such as dizziness, headache, nausea, shortness of breath or confusion, rest and seek help immediately, and seek medical advice as soon as possible.

The public may get more information from the DH's Health Education Hotline (2833 0111), [heat stroke](#) page and [UV radiation](#) page; the HKO's Dial-a-Weather (1878 200), latest [weather and forecast](#), [UV Index](#) and weather information for [hiking and mountaineering](#); and [press releases](#) of the Labour Department on precautions against heat stroke for outdoor workers and their employers when the Very Hot Weather Warning is in force.

Assess the risk of heat stroke to employees

Attention duty announcers, radio and TV stations:

Please broadcast the following special announcement immediately, and repeat it at frequent intervals when the Very Hot Weather Warning is in force:

The Labour Department reminds employers that as the Very Hot Weather Warning is in force, they should assess the risk of heat stroke to their employees and adopt effective preventive measures such as providing cool drinking water, setting up temporary sunshade and providing mechanical aids to reduce physical exertion of employees. Employees should drink water regularly and be mindful of their physical condition. If early heat stroke symptoms such as headache and thirst appear, they should inform their supervisors and seek medical help immediately.

Very Hot Weather Warning issued

Attention TV/radio announcers:

Please broadcast the following as soon as possible:

The Hong Kong Observatory has issued the Very Hot Weather Warning.

To prevent heat stroke, avoid prolonged activities outdoors.

If engaged in outdoor work or activities, wear a wide-brimmed hat and light-coloured, loose-fitting clothes. Stay in shaded areas as much as possible.

Drink plenty of water, and avoid beverages containing caffeine or alcohol.

If you feel sick, consult a doctor right away.

[Territory-wide flag day today](#)

Hong Kong Youth Power Association has been issued a Public Subscription Permit to hold a territory-wide flag sale from 7am to 12.30pm today (June 8), a spokesman for the Social Welfare Department (SWD) said.

For enquiries, please call the SWD's hotline at 2343 2255, or the designated hotline of the 1823 Call Centre at 3142 2678. Information on flag days is available at the SWD's website (www.swd.gov.hk/en/index/site_whatsnew) and the GovHK portal (www.gov.hk/en/theme/fundraising/search). Permits for flag days containing contact information of the flag-selling organisations and information on the approved flag-selling activities have also been uploaded to the SWD's website (www.swd.gov.hk/en/index/site_pubsvc/page_controlofc/sub_recentlyap). For enquiries about the detailed flag-selling arrangements, please contact the individual flag-selling organisations.

Details of the charitable fund-raising activities covered by the Public Subscription Permit issued by the SWD have also been uploaded to the GovHK website (www.gov.hk/fundraising).

In the case of suspected fraudulent flag day activities, people should not make any donation and should immediately report the matter to the Police, the spokesman added.

[Police arrested four men in suspected](#)

connection with arson cases

Police yesterday (June 7) arrested four men in suspected connection with two arson cases happened respectively in Wan Chai in the small hours of yesterday and in Happy Valley yesterday afternoon.

At about 3.34am yesterday, officers from a patrolling police vehicle spotted a man holding an ignited glass bottle at the junction of Arsenal Street and Lockhart Road. When the police vehicle slowed down, the man threw the glass bottle towards the police vehicle. The ignited glass bottle landed next to the police vehicle. The man then boarded a black private car and fled.

At about 3.50pm yesterday, a man threw an ignited glass bottle towards the outer wall of Happy Valley Police Station. The glass bottle landed on ground and got on fire. The man then boarded a black private car and fled.

After the incidents, officers of Explosive Ordnance Disposal Bureau seized fragments of the glass bottles at scenes to conduct further examinations.

Officers later found a private car on King's Road, North Point, in suspected connection with the cases. A 24-year-old man was arrested at a building nearby for arson.

Officers later arrested three men, aged between 22 and 60, in suspected connection with the cases.

The four arrestees are being detained for further enquiries.

Officers of Organized Crime and Triad Bureau are actively investigating the two cases. Police do not rule out the possibility that more arrests will be made.

Police strongly condemn the unlawful behaviours and reiterate that no violent acts will be tolerated. Resolute enforcement actions will be taken against any illegal acts to preserve public order and safeguard public safety.

Anyone who witnessed the incidents or has any information to offer is urged to contact the investigating officers on 2527 7887 or 6148 2110.
