

## Labour Department to hold occupational health public talks

The Labour Department (LD) will hold a public talk entitled "Occupational health of office workers series (III): More exercise, smart work" at 6.30pm on September 6 (Thursday). During the talk, an occupational health nurse from the LD will introduce the benefits of exercise, with demonstration and practice of workplace exercise.

The LD will hold another talk entitled "Health hazards of hot environment at work" at 3pm on September 14 (Friday). The talk, to be given by the LD's occupational health nurse and occupational hygienist, will cover symptoms of heat stroke, its first aid treatment and preventive measures, to enhance the awareness of heat stroke prevention among workers in hot environments.

Both talks will be conducted in Cantonese and held in Activity Room 1, G/F, Hong Kong Central Library, 66 Causeway Road, Causeway Bay. Admission is free. For enquiries or registration, please call 2852 4040.

## Co-investment Partner of Innovation and Technology Venture Fund selected in second round

The Innovation and Technology Commission today (August 30) announced that Radiant Tech Ventures Fund LP, a venture capital (VC) fund managed by RTV GP I Limited, has been selected as a Co-investment Partner (CP) of the Innovation and Technology Venture Fund (ITVF).

Including the five CPs announced earlier, there will be a total of six VC funds participating in the ITVF.

From last September to this January, the Government invited the VC industry to join as CPs of the ITVF, and received applications from 14 VC funds. The Government selected the CPs on the advice of the ITVF Advisory Committee. The selection criteria encompass the VC fund's capabilities and its management team's experience as well as the adequacy of its local resources and knowledge.

With funding of \$2 billion from the Government, the ITVF was set up to encourage VC investment in local innovation and technology start-ups. The CPs are responsible for identifying investment targets, conducting due diligence

and making investment proposals to the Government. The Government will co-invest with the CPs at an investment ratio of about 1:2. The maximum aggregate government investment with each partner is \$400 million and the maximum aggregate government investment in each of the start-ups is \$50 million.

Brief background information on the six CPs is in the Annex and on the ITVF webpage ([www.itc.gov.hk/en/funding/itvf.htm](http://www.itc.gov.hk/en/funding/itvf.htm)).

# Water Discharged from Shenzhen Reservoir

Attention TV/radio announcers:

Hong Kong has been informed by the Shenzhen Authority that water has been discharged from the Shenzhen reservoir from about 2.30am today (August 30).

There may be a risk of flooding in some parts of the New Territories. Various government departments, including District Office (North), Drainage Services, Police, Fire Services, Water Supplies and Social Welfare have been informed in order that they can take any necessary measures.

The District Office (North) is making arrangements to inform local residents of the appropriate actions to take.
