The Electrical and Mechanical Services Department (EMSD) today (May 10) announced that the department collected eight liquefied petroleum gas (LPG) samples from auto-LPG filling stations and LPG terminals on a random basis in April 2018 for laboratory tests. The results showed that the LPG quality of all these samples complied with auto-LPG specifications.

The detailed test results are available on the EMSD's website (www.emsd.gov.hk/emsd/eng/sgi/lpg_smpl_analysis.shtml). Enquiries can also be made to the EMSD's hotline on 2333 3762.

In addition, the EMSD has been vetting independent third-party test reports submitted by LPG supply companies for each shipment to ensure that the quality of imported LPG complies with the specified requirements.

Local museums to offer free admission in support of International Museum Day

In support of International Museum Day (IMD), the Leisure and Cultural Services Department (LCSD) will hold International Museum Day 2018, Hong Kong (IMD 2018, HK) on May 12 and 13 (Saturday and Sunday). On these dates, a total of 40 cultural institutions including some museums and cultural venues under the LCSD as well as other local cultural institutions will offer free admission to the public. A wide range of educational and entertainment programmes will also be held.

The IMD theme this year is "Hyperconnected Museums: New Approaches, New Publics", suggesting that as museums strive to maintain their relevance in society, they also need to make an effort to organise interactive projects with the local community and different social groups to engage new audiences and strengthen connections with them.

During IMD 2018, HK, the 40 participating local cultural institutions will offer free admission to the public, except for thematic exhibitions and fee-charging programmes. The institutions include 20 LCSD museums and cultural venues, as well as the Asia Society Hong Kong Center, the Tung Wah Museum, the Po Leung Kuk Museum, the University Museum and Art Gallery of the University of Hong Kong, the Stephen Hui Geological Museum of the University of Hong Kong, the Art Museum of the Chinese University of Hong Kong, the CUHK Jockey Club Museum of Climate Change, the Hong Kong Maritime Museum, the Dr &

As the Hong Kong Museum of Art and the Tung Wah Museum are closed for renovation, associated programmes will be held at other locations. The CUHK Jockey Club Museum of Climate Change will be closed on May 13 but open on May 12.
