Government enforces “restriction-testing declaration” and compulsory testing notice in respect of specified “restricted area” at Cheung Bor House in Choi Wan (I) Estate (with photo)

The Government exercised the power under the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (Cap. 599J) to make a "restriction-testing declaration" on January 26 with effect from 8:30pm, under which people (hereafter referred to as "persons subject to compulsory testing") within the specified "restricted area" in Wong Tai Sin (i.e. Cheung Bor House, Choi Wan (I) Estate) were required to stay in their premises and undergo compulsory testing. The Government yesterday (January 27) extended the period of operation to today (January 28). Persons subject to compulsory testing are required to stay in their premises until all such persons identified in the "restricted area" have undergone testing and the test results are mostly ascertained and they had to undergo two tests under the designated arrangement. For those who have visited Cheung Bor House in the past two weeks for more than two hours, they should undergo testing on (1) January 26 to 28; (2) January 29; and (3) February 1 in accordance with the compulsory testing notice issued earlier. The Government finished the compulsory testing exercise at around 8am today (January 28) and is now carrying out enforcement actions in the "restricted area" to verify that all people in the "restricted area" have undergone compulsory testing. The Government will further announce the revocation time of the declaration.

Starting from around 8am today, persons in the "restricted area" in Wong Tai Sin who have undergone testing and are able to present SMS notifications with negative test results or wear wristbands as proof of having undergone testing may leave the "restricted area" through the designated exit after providing personal information to a prescribed officer.

The Government had set up temporary specimen collection stations in the "restricted area" and requested persons subject to compulsory testing to collect combined nasal and throat swab samples at the stations to undergo a COVID-19 virus test on January 26 and January 27 under the designated arrangement. As at 1:30am today, 756 persons had undergone testing. No confirmed case was found.

Moreover, the Government also assigned staff to visit 369 households. The Government will take measures to follow up those households who did not answer the door.

The Government reiterates that enforcement actions will be taken seriously. Any person who fails to present an SMS notification with a test result or wear a wristband as proof of having undergone testing breaches the

compulsory testing notice and may be liable to a fine of \$5,000. The person will also be issued with a compulsory testing order, requiring him/her to undergo testing within a specified time frame. Failure to comply with the compulsory testing order or the "restriction-testing declaration" is an offence and the offender may be liable to a fine of level 4 (\$25,000) and imprisonment for six months.
