As for the Voluntary Helpers Scheme, members of the public can assist in

providing library services on a voluntary basis while at the same time learn more about resources and facilities of public libraries. Two volunteers providing services of more than 100 hours this year received Gold Award certificates in recognition of their contributions to society.

Since its launch in 1984, the Reading Programme has encouraged the participation of children and youths from kindergarten to Secondary Six. It aims at cultivating the reading habits of children and youth, and to share their reading tips and the joy of reading through various library activities. To promote paired reading, children from kindergarten to Primary Three can join the family category with their parents. People interested in participating in the Reading Programme may contact any public library or visit
