

Guidance: Importing animals and animal products if there's no Brexit deal

If the UK leaves the EU in March 2019 without a deal, find out how this would affect anyone who imports animals, animal products and high-risk animal food and feed into the UK. This currently includes 'products of animal origin (POAO)' and 'specified food not of animal origin (FNAO)'. Changes are likely to affect both so-called 'transit consignments' and consignments originating within EU countries.

Guidance: Manufacturing and marketing fertilisers if there's no Brexit deal

If the UK leaves the EU in March 2019 without a deal, find out how this would affect businesses that manufacture or market fertilisers.

Guidance: Regulating chemicals (REACH) if there's no Brexit deal

If the UK leaves the EU in March 2019 without a deal, find out how this would affect businesses producing, registering, importing or exporting chemicals. This includes a range of controls including labelling and packaging.

Guidance: Accessing animal medicine IT systems if there's no Brexit deal

If the UK leaves the EU in March 2019 without a deal, find out how this would affect IT systems relating to veterinary medicines, including systems used to submit data and reports.

Guidance: Regulation of veterinary medicines if there's no Brexit deal

If the UK leaves the EU in March 2019 without a deal, find out how this would affect the regulation of veterinary medicines.
