The Talks were an opportunity to discuss co-operation in areas of mutual interest including foreign policy priorities, multilateral issues, education, culture, innovation, human rights and the rule of law, science and technology, and trade and investment.
2. Both sides noted that strong progress had been made since the last round of High Level Political Talks in Mexico City on 2 May 2016. They agreed that the momentum generated by the 2015 'Dual Year' and State Visit by President Peña Nieto had been sustained. The Foreign Ministers underlined their commitment to strengthen relations further and emphasised the continued importance of political dialogue and reciprocal high-level visits. They recognised the importance of furthering the legacy of the Dual Year by continuing to engage in a cultural dialogue, exchanging knowledge and increasing links between both countries.
3. Secretary of State Johnson expressed the UK's sincere condolences for

the loss of life and damage caused by the earthquakes in Mexico in September 2017, and noted that the UK stood in solidarity with Mexico at this difficult time. Secretary Videgaray commended the remarkable resilience shown by the Mexican people and thanked the UK for its messages of solidarity and support for Mexico's recovery efforts. Both sides also expressed their condolences and support for the people affected by Hurricanes Irma, Maria and Nate, and agreed on the need to support those affected using all available resources.

4. The Foreign Ministers discussed a range of foreign policy priorities in the Americas, Europe and in multilateral fora such as the United Nations and the G20.
5. Mexico highlighted the UK's role as an observer of the Pacific Alliance and welcomed its attendance at the XII Pacific Alliance Summit in Colombia in June 2017. The two sides also noted that they looked forward to future discussions in the framework of the EU-CELAC relationship.

10. Both sides expressed their support for the global efforts to tackle the scourge of Modern Slavery. Mexico agreed to support the UK's Call to Action to End Forced Labour, Modern Slavery and Human Trafficking endorsed at the 72nd Meeting of the UN General Assembly on 19 September 2017.

12. The UK highlighted plans for new prosperity programming in Mexico to boost the UK's longstanding partnership with Mexico and work towards increased shared prosperity. The programme will help to increase productivity, including through technology and innovation, strengthen the economy and expand markets in Mexico with a focus on four strategic strands: energy, future cities, financial services and the business environment. Some of the objectives, such as increased access to

financial products and better infrastructure projects, will help increase Mexican earthquake recovery and resilience efforts. The programme, which will also expand the potential for trade and investment with Mexico, will be worth around £60 million over four years.

13. Both sides committed to strengthen bilateral economic relations further and looked forward to High Level Economic Talks due in Mexico City in 2018 as well as to the third meeting of the Senior Business Leaders Group, which held its first meeting during President Peña Nieto's State Visit in March 2015, and its second meeting in Mexico City in April 2016. ## **Press release: Welsh Secretary: "DevOpsGuys are leading the charge in Welsh digital transformation"**

Secretary of State for Wales, Alun Cairns supported the opening of a new Cardiff HQ for tech start-up DevOpsGuys on 18 October. The software development company founded in 2013 now employs over 85 people across its

London and Cardiff offices, with the aim of delivering practical IT engineering and consultancy solutions to clients including BAE Systems, Vodafone, gocompare.com as well as various UK Government departments.

The firm contributes in excess of £14m into the local economy via investment in the tech community and building strong relationships with universities through its internship and graduate schemes.

The new office will be based on Greyfriars Road in the capital.

**Secretary of State for Wales, Alun Cairns said:**

The tech sector across the UK and Wales is growing rapidly, and firms such as DevOpsGuys are making sure that knowledge in this field stays in the local area.

I'm delighted that DevOpsGuys has flourished and is addressing challenges in digital transformation, and provides vital training and support to interns and graduates, strengthening the local economy.

The UK Government is committed to investing in digital infrastructure which has for too long been a barrier to economic growth across Wales. I'm pleased to see an increase in research and development funding – by £2bn a year by 2020/21 – which will help Wales build on its strengths in this field and make it a more innovative economy for the years ahead.
