Updated: System downtime updated

What is the Rural Payments service?

The Rural Payments service is Defra's online registration system for farmers, animal keepers and rural traders and businesses.

They can use it to register their details, see and update digital maps of their land and make online applications for certain [rural grants and payments](#).

It can be used by any person or firm representing a farmer or farming business – such as a firm of agricultural agents.

Throughout the Rural Payments service, there is onscreen guidance which

explains how to use it.

You must register on the Rural Payments service if you intend to keep farmed animals (or livestock) on your land or business premises.

[News story: 2017 Clinical Excellence Awards round opens](#)

The latest round of National Clinical Excellence Awards opened on Tuesday 28 February 2017 and will close at 5:00pm Tuesday 25 April 2017.

Applicants need to submit the completed online application form to ACCEA by the deadline. To do this, once the application is complete, click 'submit to ACCEA'. Failure to do this means that the application will not be accepted for the 2017 national awards round. Please make sure that your contact details are up-to-date.

Clinical Excellence Awards recognise and reward NHS consultants and academic GPs who perform 'over and above' the standard expected of their role. They award quality and excellence, acknowledging personal contributions. The number of new national awards in the 2017 round will remain at 300 for England.

All applications, new or renewal, must be made on the [online system](#). The Advisory Committee on Clinical Excellence Awards (ACCEA) has published [guidance for applicants, assessors, nominators and employers](#).

You will need to put in a renewal application if:

- you received your current award in the 2013 round
- your award was last renewed in 2012 (awarded in 2008, 2003, 1998)

In some cases, consultants will be renewing out of the usual cycle. Awards are reviewed earlier if there is a change in job, or a significant change in job plan.

[Press release: New funding to boost schools facilities and healthy lifestyles](#)

Schools are to receive £415 million to help pupils benefit from healthier, more active lifestyles, Education Secretary Justine Greening announced today (28 February 2017).

Primary, secondary and sixth-form colleges will be able to use the funding to pay for facilities to support physical education (PE), after-school activities and healthy eating.

Schools will also be able to use the new healthy pupils capital programme to improve facilities for children with physical conditions or support young people struggling with mental health issues.

Alongside the funding for the PE and sport premium, breakfast clubs and universal infant free school meals, it represents over £1.3 billion investment in the 2018 to 2019 academic year to help young people live healthier lifestyles. This builds on wider government work such as the recent sports strategy.

Education Secretary Justine Greening said:

Schools can really help our children get a healthy start in life from exercise and sport, and also from knowing what a healthy diet means. It's not only good for them while they're in education, but the health and wellbeing benefits can last a lifetime.

That's why we're investing £415 million in facilities to support sports, after-school activities and promoting healthy eating, so we can secure the future health of our young people.

Local authorities and larger multi-academy trusts will receive an allocation for schools and will make decisions locally on how this money is invested. Smaller multi-academy trusts (MATs), individual academies and sixth-form centres will be able to bid for grants for specific one-off projects.

The money – from the [Soft Drinks Industry Levy](#) – will be available to schools in the 2018 to 2019 financial year and more details on how the fund will be distributed will be published later this year. Government has also pledged to ensure that the amount schools receive will not fall below £415 million

regardless of the funds generated by the levy.

The healthy pupils capital programme will build on the government's plans for schools to provide a longer school day by changing the focus of the scheme to provide new facilities or improve existing ones to make it easier for a range of extra-curricular activities to be provided.

The new healthy pupils capital programme funding will be available in 2018 to 2019. All state-funded primary, secondary and sixth-form schools in England will be eligible to receive funding through one of two mechanisms, as follows:

- all local authority community, foundation and voluntary-controlled schools will receive an allocation to their responsible body through a central formula which will account for pupil numbers. Voluntary-aided schools will also be funded in this instance as part of the local authority allocation. Also eligible will be MATs that currently qualify for a direct school condition capital allocation. Responsible bodies will then make spending decisions based on local context
- smaller MATs, single-academy trusts and sixth-form centres will be eligible to bid for funding through a new healthy pupils capital fund.

Information on the allocation formula, spending guidance and bidding criteria will follow in the summer.
