

Grazeley development

The Councils' bid for infrastructure money to permit a substantial new settlement at Grazeley has made it to the list for further work by the government. The bid for more than £300 m is to provide improved transport links, schools and other public facilities that would be needed if 15000 extra homes are to be built there.

I have always made clear that before I could support such large development at Grazeley I would need to see there was sufficient money to put in good public facilities, and would want assurances that Wokingham would not also face further large scale development elsewhere in the Borough at the same time. I also wish to hear local views on the Council proposals.

Company fined after multiple safety failings

Quainton Logistics & Storage Ltd has today been fined after both putting workers at risk and allowing conditions on site to fall well below the expected standard.

Liverpool Magistrates' Court heard how, on 4 May 2016, operatives were smashing asbestos roof sheets with crow bars to remove them from a derelict warehouse in Bootle, Merseyside. In addition to the risk of asbestos exposure, workers were at risk of falling into open service pits as no edge protection or fall restraint equipment was in place. Workers were not provided with PPE and there were no toilet or washing provisions on site.

On site, operating a Mobile Elevated Work Platform (MEWP) and fork lift truck, were three operatives all of whom were foreign nationals and only one spoke English. In another area of the building, a MEWP was parked next to the open pits, only around 1 metre from the edge. The MEWPS and fork lift truck were in very poor condition, covered in broken asbestos cement sheets.

An investigation carried out by the Health and Safety Executive found that Quainton Logistics & Storage Ltd failed to put measures in place to manage the work or to ensure the health and safety of operatives. The company also failed to implement safe systems of work or correct procedures for removing asbestos material.

Quainton Logistics and Storage Limited, of Turnall Road, Widnes, pleaded guilty to breaching Section 3(1) of the Health and Safety at Work etc. Act 1974 and Regulations 15(2) and 28(6) of the Construction (Design and Management) Regulations 2015. The company was fined £14,000 and ordered to

pay costs of £ 6,870.44.

HSE inspector Jacqueline Western said after the hearing: "Companies should be aware that HSE will not hesitate to take appropriate enforcement action against those that fall below the required standards."

Notes to Editors:

1. The Health and Safety Executive (HSE) is Britain's national regulator for workplace health and safety. We prevent work-related death, injury and ill health through regulatory actions that range from influencing behaviours across whole industry sectors through to targeted interventions on individual businesses. These activities are supported by globally recognised scientific expertise. hse.gov.uk

Journalists should approach HSE press office with any queries on regional press releases.

[What our members think about being a member](#)

A little over two weeks ago, we asked our members a question. Do you like being a member of the Lib Dems?

More than 12,000 of you replied – and this is what you had to say:

Author:

[The Tory cuts that are pushing up poverty](#)

Tory cuts to public spending and social security will push a further 1 million children into poverty across the UK by 2021-22. Shamefully, the UK government has even scrapped UK-wide poverty reduction targets.

[EU prime ministers back Lib Dem call for a vote on any Brexit deal](#)

Following a working lunch between myself and European Liberal Prime Ministers in Brussels, we have issued a joint statement.

In that statement, the Prime Ministers said:

“We regret Brexit, but acknowledge the choice made by British voters for the UK Government to negotiate withdrawal.”
