Monday, 19 March : Travel with your digital subscriptions

The news

From April 2018 onwards the EU Regulation on cross-border portability of online content services in the internal market will enter into force. This regulation will enable Europeans to travel with their digital subscriptions, to access films, series, sports broadcasts, games, or e-books they purchased online in their home country when travelling across the EU.

On Monday 19 March Vice-President Andrus **Ansip** will join an event in the European Parliament together with European broadcasters and several MEPs to present the new rules.

The background

The cross-border portability Regulation is part of a broader package of proposals to modernise [EU copyright legislation](#), and was approved by the European Parliament and the Council in 2017 (see [Press Release](#)). This is the first instrument related to copyright to come into force in the context of the [Digital Single Market strategy](#).

For more information see the [factsheet](#) and [MEMO](#).

The event

The event will take place in the Press Room of the European Parliament at 15:30 on 19 March.
