

Animal lovers' empathy may be hardwired in their DNA

Scientists have uncovered a genetic difference in people who show greater compassion for animals.

Sapling to Sawmill

The A-Listed Capenoch House will form an impressive backdrop to the first of two free Farm Advisory Service (FAS) events in Dumfries and Galloway next month.

Smarter about rural animal health

SRUC and the Moredun Research Institute (MRI) have set out plans for their new strategic partnership to benefit Scotland's livestock and farming industries.

Scottish agronomy events to start the New Year

After a challenging 2018 for arable farmers across Scotland, SRUC and AHDB will once more offer advice on planning for the year ahead at next month's Agronomy workshops.

Hot potato

The implications of one of the hottest and driest seasons on record will be one of the main topics of discussion at a major potato industry event next month.
