

Agriculture students learn KORE skills

Agriculture students at SRUC have been given access to an online precision farming platform which allows them to map variation in crops using satellite data.

Grouse moors and gamekeepers

Moorland management in Scotland has come under the spotlight in a series of reports assessing socioeconomic and biodiversity impacts of driven grouse moors and the employment rights of gamekeepers.

New antibiotics usage survey seeks sheep farmers' views

Farmers and vets are being asked to take part in a survey which aims to establish the amount of antibiotics used in the Scottish sheep industry.

Smart Sheep

SRUC is part of a research consortium awarded funding to encourage the adoption of Precision Livestock Farming (PLF) technologies in UK sheep flocks.

How farm vets cope

A new website to help vets cope with the daily challenges of farm animal practice has been launched by Scotland's Rural College (SRUC).
