

California Crossroads

I called in today as a local resident to refuel at the garage . The works I am told are now running behind schedule. The local businesses are suffering very badly. Turnover is massively down with many customers unable to get there or to park easily. We local users did not want the junction changed and certainly did not want roads closed for weeks on end. We want the local businesses to flourish and to be accessible. One business I was told had its electricity cut off without warning. Residential roads are clogged with cars trying to get round the closures.

Why didn't the Council listen to local opinion and the Opposition Councillors who warned them not to proceed? Why did they proceed with no plans to help the local businesses? Why is there no compensation for lost business? Why are the works over running? Why did the Council tell us it would make things better and that it was on schedule? Why do some Councillors who voted for it now want to blame anyone but themselves?
