

Car park petition

I went into Wokingham Town Centre this morning to thank those who were collecting signatures on a petition to the Car Park owners of the Euro park in Denmark Street to keep the park open. I support the request to keep the car park. There were plenty of people about in the town enjoying the late August sunshine and the new cafes, restaurants and shops. Many were willing to sign, as the car parks are needed close to the centre to make it easy for shoppers and leisure users of the Town facilities.
