

Castle Peak Hospital's reply on media enquiries about circulation of products with logo of Castle Peak Hospital on social media

The following is issued on behalf of the Hospital Authority:

â€œIn response to media enquiries about recent circulation of products with the logo of Castle Peak Hospital (CPH) on the social media, the spokesperson for CPH made the following reply:

CPH has never produced such products, nor has it authorised anyone to use CPH's logo to produce such products. These products do not have any relationship with CPH.

No one is allowed to use the name or logo of CPH to produce any product without permission. CPH has referred the case to the relevant law enforcement agency for follow up.

CPH appealed to the public to consider the feelings of others when making comments on the Internet, and to understand mental health issues with a positive attitude.
