

# CE exchanges views with Hong Kong students in seminar in Beijing (with photos)

The Chief Executive, Mr John Lee, attended a seminar for Hong Kong students studying in Beijing organised by the Hong Kong Alumni Association of Beijing Universities and exchanged views with the students to better understand their learning and daily life this afternoon (March 5).

Addressing the event, Mr Lee encouraged the young people from Hong Kong to continue to give full play to their strengths under the wide scope for development provided by the country, serving as an essential bridge of co-operation between Hong Kong and the country to contribute to the high-quality development of the country.

Mr Lee will return to Hong Kong tonight.
