

Civil news: updated contract schedules from 1 September 2021

News story

New civil contract schedules beginning 1 September 2021 to be made available by the end of August.

We will soon be issuing new civil contract schedules beginning on 1 September 2021.

These will replace the current third year schedules for the 2018 Standard Civil Contract which are ending on 31 August 2021. All schedules will run for 12 months.

Where to find new schedules

You will be able to view schedules, including Immigration Removal Centre (IRC) schedules, in Contracted Work and Administration (CWA) from no later than 31 August 2021.

Reporting work

Work completed in September can be reported from 1 October 2021.

Matter start allocations

In most cases, matter starts will be allocated on the basis of the allocation bid for in the original tender.

Where you have self-granted an additional 50% of matter starts, you will receive this increased allocation.

This includes an allocation of an additional 20 miscellaneous matter starts to advise victims of human trafficking/modern slavery on compensation claims where a provider bid for these in the original tender.

Providers will be able self-grant a further 50% of matter starts in the

fourth year of the contract.
