

Clindacutin Ointment 10 mg/g for dogs – Product defect recall alert

News story

Product defect recall alert for Clindacutin Ointment 10 mg/g for dogs by Dechra Regulatory B.V.

We wish to make wholesalers and distributors aware that all in-date batches of Clindacutin Ointment 10 mg/g (Vm 50406/4011) are being recalled with immediate effect.

Dechra Regulatory B.V has issued a class III recall to the wholesale level.

The reason for the recall is that the product has been manufactured released according to specifications of the Dutch marketing authorisation which is not approved in this country.

This recall is for the following batches only:

Batch No Expiry date

BC (21H258) July 2023

BB (21H244) July 2023

Dechra Regulatory B.V is contacting wholesale dealers to examine inventory immediately and quarantine products subject to this recall.

For further information regarding the recall, please email;
quality@dechra.com or externalnetwork.qa@dechra.com.
