

Cluster of Influenza A cases in Siu Lam Hospital

The following is issued on behalf of the Hospital Authority:

The spokesperson for Siu Lam Hospital made the following announcement today (February 12):

Four patients (aged 47 to 62) in a female ward for severe intellectual disability presented with respiratory symptoms since February 10. Appropriate viral tests were arranged for the patients and their test results were positive for Influenza A. The patients concerned are being treated under isolation with stable condition.

Admission to the ward has been suspended and restricted visiting arrangements have been imposed. Infection control measures have already been stepped up according to established guidelines. All other patients in the ward are under close surveillance.

The cases have been reported to the Hospital Authority Head Office and the Centre for Health Protection for necessary follow-up.
