

Collection: National operator waste returns

Updated: The Environment Agency has published the materials facility combined waste returns spreadsheet. They've removed the PDF form for paper returns to encourage electronic submissions. The paper form is still available by request. They've also removed the out of date waste returns spreadsheet guide.

Operators with an environmental permit must complete waste returns to tell the Environment Agency about the waste they have received or removed from their site.

The Environment Agency uses this information to:

- monitor a site's compliance with its environmental permit conditions
- compile national statistics about waste
