

Community Councils across Dundee – public consultation

During 2023, the City Council will formally review its scheme for the establishment of Community Councils.

There are a number of Community Councils (such as West End and Broughty Ferry) and Neighbourhood Representative Structures (such as Ardler Village Trust and Kirkton Community Partnership) currently operating in Dundee.

The council is asking Dundee residents to take part in an informal consultation.

Further details can be found at www.bit.ly/commcouncils23

The survey closes on Friday 20th January.
