

Corporate report: Regulating for people, the environment and growth

Updated: Added the 2017 report.

Annual reports on the Environment Agency's regulation work. The reports provide information and statistics about the:

- emissions to air from the businesses we regulate
- number of serious pollution incidents and sectors responsible
- compliance of businesses with their environmental permits
- reduction in costs for businesses we regulate
- enforcement action we take when businesses do not comply

The Environment Agency applies the regulatory framework set by government. We work with businesses to make sure they operate in a way that avoids harming people or the environment, without imposing unnecessary administrative burdens on them.
