

# COVID-19 Vaccination Programme statistics

The COVID-19 Vaccination Programme has been implemented for 134 days since February 26, 2021.

So far, about 4 277 300 doses of vaccines have been administered under the Vaccination Programme. Details are as follows:

|                     | Number of persons receiving Sinovac vaccine | Number of persons receiving BioNTech vaccine | Total number of doses |
|---------------------|---|--|-----------------------|
| First vaccine dose  | 1 064 400                                   | 1 477 400                                    | 2 541 800             |
| Second vaccine dose | 717 500                                     | 1 017 900                                    | 1 735 500             |

\* The numbers are rounded to the nearest hundred.

In the 24 hours ending at 8pm today (July 9), about 70 000 persons have received vaccination and about 33 300 new vaccination bookings have been made online. Details are as follows:

|  | Sinovac vaccine | BioNTech vaccine |
|--|-----------------|------------------|
| Number of persons receiving first dose   | 11 500          | 21 000           |
| Number of persons receiving second dose  | 15 800          | 21 700           |
| Overall percentage of persons receiving vaccines at Community Vaccination Centres (CVCs) | 97%             | 98%              |
| Number of online bookings for receiving first and second vaccine doses                   | 5 300           | 28 000           |

\* The numbers are rounded to the nearest hundred.

In the 24 hours ending at 0.00am today, there were 12 cases of ambulance transfer to hospital from CVCs or designated general out-patient clinics of the Hospital Authority. They were sent to hospital after experiencing common side effects after vaccination and were in stable condition. Seven of them were discharged, one person was admitted for observation, three persons were discharged against medical advice and one person left hospital without seeking any consultation.
