

COVID-19 Vaccination Programme statistics

The COVID-19 Vaccination Programme has been implemented for the 32nd day since February 26, 2021.

So far, about 475 100 doses of COVID-19 vaccines have been administered for members of the public (please see Annex 1). Among them, about 450 500 persons have received their first dose, with about 299 200 persons receiving the Sinovac vaccine and about 151 300 persons receiving the BioNTech vaccine. About 24 600 persons have received their second dose of the Sinovac vaccine.

In the last 24 hours ending at 8pm today (March 29), the following vaccination and booking figures were recorded:

(i) About 6 600 persons received their first dose of the Sinovac vaccine, including about 4 400 persons vaccinated at eight Community Vaccination Centres (CVCs) and about 2 200 persons at private doctors and clinics participating in the programme;

(ii) about 6 000 persons received their second dose of the Sinovac vaccine, including about 5 700 persons vaccinated at the CVCs and about 300 persons at private doctors and clinics;

(iii) the overall percentage of people who have received the Sinovac vaccine at the eight CVCs is about 94 per cent; and

(iv) about 3 800 persons have made online bookings for receiving their first and second doses of the Sinovac vaccine.

In the last 24 hours ending at 0.00am today, there was one case of an ambulance transfer to a hospital. The person left the hospital without seeking any consultation (please see Annex 2).

As background information, in the last 24 hours ending at 0.00am today, there were 40 cases of stroke or myocardial infarction that required admission to the Intensive Care Unit, Acute Stroke Unit and Cardiac Care Unit of public hospitals. The state of new cases admitted to the wards concerned is provided as a cross reference to enhance fuller public understanding of cases of the kind recorded on vaccine recipients.
