

Cross-boundary passenger traffic estimation and arrangements for National Day and Chung Yeung festive period

The Immigration Department (ImmD) estimates that around 7.37 million passengers (including Hong Kong residents and visitors) will pass through Hong Kong's sea, land and air control points during the upcoming National Day and Chung Yeung festive period (from September 28 to October 7). Among them, about 79 per cent, or around 5.81 million passengers, will pass through land boundary control points. The number of inbound and outbound passengers using land boundary control points will be relatively higher on October 1 (Tuesday) and October 5 (Saturday) with around 383 000 and 440 000 passengers respectively.

The ImmD estimates that there will be around 2.05 million passengers, with a daily average of about 205 000 passengers, travelling via Lo Wu Control Point during the festive period. Also, the daily average forecast of the Lok Ma Chau Spur Line and Shenzhen Bay control points will be about 122 000 and 92 000 passengers respectively.

The ImmD, the Police, the Customs and Excise Department and the MTR Corporation Limited will set up a joint command centre at Lo Wu Control Point whereas passenger conditions will be closely monitored to ensure smooth passenger traffic flow. Moreover, the ImmD will upload daily passenger statistics for the above festive period to its website at www.immd.gov.hk for public reference.

For travellers making journeys to the Mainland, the ImmD reminds them to carry their proof of identity and valid travel documents for crossing the boundary. Hong Kong residents should also check the validity of their Home Visit Permits. Non-permanent residents must carry their valid smart identity card as well as their Document of Identity for Visa Purposes or valid travel document.

Holders of the acknowledgement receipt issued due to reported loss or replacement of their Hong Kong identity cards, or children under 11 years old who hold Hong Kong identity cards, should carry a valid travel document or Re-entry Permit.

Over 700 e-Channels have been installed at various control points. Eligible Mainland holders of the electronic Exit-entry Permit for Travelling to and from Hong Kong and Macao (e-EEP) can enrol for the e-Channel service by using their e-EEP and undergoing the enrolment process at a traditional entry counter on their first visit to Hong Kong. Eligible Mainland visitors who have renewed their e-EEP have to go through the aforesaid enrolment process again before they can use the e-Channel.

Hong Kong residents who require assistance while travelling outside Hong Kong may call the 24-hour hotline of the Assistance to Hong Kong Residents Unit of the ImmD at (852) 1868.
