[DataConnect22 starts soon!](#)

Taking place on 26-30 September, DataConnect is back! [Register now](#) for the free online conference that's for everyone working in the public sector and is all about Data.

DataConnect22 brings together people and data stories from across the public sector. Join us for presentations, workshops, show and tells, and "community meet-ups" to share stories about data, connect with other colleagues working with data across government, and inspire collaboration to create better data and increase data skills across the public sector.

Last year thousands of colleagues from across the country registered for DataConnect21. Together, we covered topics from data standards to data science, from maturity to metadata, and everything in between… We were educated and enlightened by participants and speakers from all over the public and third sector, including:

- Department for Work and Pensions
- Office for National Statistics
- Central Digital and Data Office
- Department for International Trade
- Scottish Government
- Environment Agency
- Open Data Institute
- HM Revenue & Customs
- DAMA UK
