

Decision: Richmondshire District Council: direction on Environment Agency functions

Updated: Published a new version of this direction. The previous direction had an incorrect European Waste Catalogue (EWC) code within it and has been revoked and replaced by this one.

This direction gives Richmondshire District Council (rather than the Environment Agency) the role of regulating Thomas Armstrong (Concrete Blocks) Ltd for the operation of a facility receiving, storing and using Enhanced Pozzolanic Biomass Ash in the manufacture of concrete and other cement blocks in Bridge Road, Brompton on Swale, Richmond, North Yorkshire.

The direction is made by the Secretary of State under the powers in regulation 33(1) of the Environmental Permitting (England and Wales) Regulations 2016.
