

Detailed guide: Access the public register for environmental information

Updated: Updated link to access end of life vehicle authorised treatment facilities public register.

Use the links below to access the public register for:

- [Electronic Public Register homepage](#)
- [environmental permits for waste operations](#)
- [environmental permits for end of life vehicle authorised treatment facilities](#)
- [environmental permits for industrial installations](#)
- [environmental permits for discharge consents to water and groundwater](#)
- [environmental permits for radioactive substances](#)
- [waste carriers, brokers and dealers](#)
- [waste exemptions](#)
- [water quality exemptions](#)
- [scrap metal dealers](#)
- [enforcement actions](#)

Waste carrier, dealer and broker licences

From 1 April 2016 for all waste carriers, dealers and brokers registration, please use the [Waste Carriers register](#)

Waste electrical and electronic equipment (WEEE)

The Environment Agency hold the registers for WEEE:

- [EEE producers](#)
- [WEEE approved producer compliance schemes](#)
- [WEEE approved authorised treatment facilities and approved exporters](#)

Packaging and batteries

We have public register information on the [National Packaging Waste Database](#).

Large raised reservoirs

We also have public register information for the [register of large raised reservoirs](#).

Viewing public registers in Environment Agency

offices

The Environment Agency holds public register information in its local offices, either electronically or hardcopy. You can contact them using the Customer Contact Centre general enquiries details if you can't access the information you need online.

They will confirm if the information you want is available and where you can visit to access it. They can also advise if any information can be sent to you.
