## <u>Detailed guide: Export wood or wood</u> <u>products to non-EU countries</u>

## **Controlled species**

<u>Check with the country's National Plant Protection Organisation</u> if you plan to export to non-EU countries. This gives you information for specific country plant health regulations.

## Regulated material

Find out about regulations for export to non-EU countries.

## Wood packaging and dunnage

If you export using wood packaging and dunnage, you must <u>check if the product</u> <u>is regulated in destination countries.</u>
