

# DH Social Hygiene Service arrangement

The Department of Health (DH) today (June 25) announced that the Wan Chai Female Social Hygiene Clinic and the Wan Chai Male Social Hygiene Clinic under the DH's Social Hygiene Service will resume normal services starting from July 2.

The social hygiene services of the two clinics concerned were suspended earlier due to the COVID-19 situation. The social hygiene clinics that remain suspended include the Yau Ma Tei Female Social Hygiene Clinic, the social hygiene service of the Chai Wan Social Hygiene Clinic and the evening service of the Yau Ma Tei Male Social Hygiene Clinic (which provides service on Tuesdays).

Please visit the following websites for the information on social hygiene clinics:
