

DH's School Dental Care Service arrangements

In response to the latest developments of the COVID-19 situation, the School Dental Care Service of the Department of Health today (February 14) announced that all school dental clinics will provide dental services limited to emergencies and pain relief from tomorrow (February 15) until further notice.

The DH will contact and make separate arrangements for affected users with prior appointments. For enquiries, please contact the respective school dental clinic, contact details of which can be found at the following website: www.school dental.gov.hk/wsmile/en/clinicinfo.
