

DH's Shek Kip Mei Chest Clinic and three Elderly Health Centres to resume service

The Department of Health (DH) today (May 13) announced that as some designated clinics under the Hospital Authority had ceased operation, some clinics and service units under the DH that are situated at the same locations as the designated clinics will resume service.

â€‹

Shek Kip Mei Chest Clinic resumes service today (the directly observed treatment service on Saturday mornings remains suspended). Meanwhile, Shau Kei Wan Elderly Health Centre (EHC), Aberdeen EHC and Yuen Long EHC will reopen next Monday (May 16) to provide booked medical consultation services for members.

Please visit the websites of the respective clinics and service units or contact the relevant units directly for details of the service adjustments. These websites can also be accessed via the DH website (www.dh.gov.hk).
