

## **EMSD announces test results of LPG quality in April 2018**

The Electrical and Mechanical Services Department (EMSD) today (May 10) announced that the department collected eight liquefied petroleum gas (LPG) samples from auto-LPG filling stations and LPG terminals on a random basis in April 2018 for laboratory tests. The results showed that the LPG quality of all these samples complied with auto-LPG specifications.

The detailed test results are available on the EMSD's website ([www.emsd.gov.hk/emsd/eng/sgi/lpg\\_smpl\\_analysis.shtml](http://www.emsd.gov.hk/emsd/eng/sgi/lpg_smpl_analysis.shtml)). Enquiries can also be made to the EMSD's hotline on 2333 3762.

In addition, the EMSD has been vetting independent third-party test reports submitted by LPG supply companies for each shipment to ensure that the quality of imported LPG complies with the specified requirements.
