

## **EMSD announces test results of LPG quality in August 2024**

The Electrical and Mechanical Services Department (EMSD) today (September 10) announced that the department collected eight liquefied petroleum gas (LPG) samples from auto-LPG filling stations and LPG terminals on a random basis in August 2024 for laboratory tests. The results show that the LPG quality of all these samples complied with auto-LPG specifications.

The detailed test results are available on the EMSD website ([www.emsd.gov.hk/en/gas\\_safety/lpg\\_vehicle\\_scheme/publications/general/results\\_of\\_lpg\\_sample\\_analysis/index.html](http://www.emsd.gov.hk/en/gas_safety/lpg_vehicle_scheme/publications/general/results_of_lpg_sample_analysis/index.html)). Enquiries can also be made to the EMSD hotline on 2333 3762.

In addition, the EMSD has been vetting independent third-party test reports submitted by LPG supply companies for each shipment to ensure that the quality of imported LPG complies with the specified requirements.
