

EMSD Gallery to reopen

The Electrical and Mechanical Services Department (EMSD) announced today (September 11) that the EMSD Gallery will be reopened starting from September 14 (Monday), while all interactive exhibits will remain suspended.

To avoid overcrowding and reduce social contact, special measures will be implemented, including admission limits; requesting all visitors to wear their own face mask, use hand sanitiser and have their body temperature checked before admission; and requiring children under 12 to be accompanied by an adult.

The EMSD will step up cleaning measures at the Gallery and continue to monitor the situation closely and review the arrangements in due course.

For enquiries, please call the hotline for the Education Path of the EMSD at 3757 6162 or email edpath@emsd.gov.hk.
